

Khushi Chauhan

Industrial Research Scientist

About Me

Biotech research scientist with a passion for problem-solving and discovery. Having hands-on experience in molecular biology, genomics and bioinformatics. Enjoy turning complex data into clear insights.

Skills

- Process optimization
- Enzyme Engineering
- Analytical Techniques
- BIOINFORMATICS
- Critical Thinking

Language

- Hindi
- English
- German

Education

- **(2025-2029)**
LOVELY PROFESSIONAL UNIVERSITY
BTech Biotechnology
8.4
- **(2030-2032)**
TECHNICAL UNIVERSITY OF MUNICH
Mtech Industrial Biotechnology
8.0
- **(2033- 2037)**
TECHNICAL UNIVERSITY OF MUNICH

● Experience

INDUSTRIAL BIOTECH RESEARCH INTERN

- I worked on hands-on lab research, supporting molecular biology and bioprocesses experiments. My role involved running routine assays, helping with fermentation studies, analyzing data and keeping detailed records.
- I collaborated with senior scientists, assisted in troubleshooting experiments and contributed to presentations and project reports.

Biotechnology Industrial Research Scientist Roadmap
Goal: Industrial R&D / Research Scientist Career
